## SUPER SLICE™

**RAW iGaming** is proud to introduce our new, patent pending engine, SuperSlice™. An innovative new mechanic, which is easy to understand, delivers a high volatile experience offering dynamic gameplay on every spin with massive in-your-face wins.

**Rock and Roll will never die** - Win big in **Wheels of Rock™** and channel your inner Groupie, Jammer, Rocker and Headbanger vibes. Take a spin and rock your world with banging wins up to 25,000x your bet.

The patent pending SuperSlice™ engine offers 2-12 dynamic slices on every spin. It couldn't be easier, spin the wheel, see the number of symbol slices added and watch where the wheel pointer lands. More slices mean a higher chance for wins while lower number of slices mean larger prizes. For rockin wins, avoid the empty slices!

What would a concert be without "Rock & Roll" features such as Respins that increase symbol values up to 50x or Free Spins that offer unlimited multipliers on symbol wins but only the biggest Wheel of Rock™ headbangers will get lucky enough to trigger MagSpins™ with the chance at winning a massive maximum payout of 25,000x in a single session.

# SUPERSLICE™

The patent pending SuperSlice™ engine delivers dynamic slices to any wheel design, between 2 to 12, so players never know how many slices or what those slices will hold. The slices could hold a bonus, multiplier trigger, symbol or be empty. Any symbol, feature or empty slice could appear multiple times on the wheel. The action never stops and is different on every spin keeping things fresh and unique and the adrenaline pumping.

## GAME FEATURES

### THE MULTIPLIER WHEEL

When multiplier triangles are added to symbols, an indicator appears in the center of the wheel and when landing on anything marked with a green triangle, the outer multiplier wheel is activated. The multiplier wheel lights up, spins and increases the value of the winning symbol by the multiplier value awarded on the wheel. Win up to 25x in the base game and 50x in the Free Spins.

### RESPINS

Respins, when awarded on the SuperSlice™ wheel, removes all losing empty slices and replaces them with random symbols or features and all symbol slices are awarded a green multiplier triangle guaranteeing a multiplier wheel activation. Free Spin or MagSpin™ symbols are not removed when already on the wheel. The SuperSlice™ wheel respins and awards a win. If the respin awards a symbol, the multiplier wheel is activated. If the respin awards Free Spins or MagSpins™, they are played out as normal.

# FREE SPINS

# 10

Free Spins delivers 10 rocking spins where each symbol win increases a symbols value by 1x on the first win and 2x every win thereafter. During Free Spins the multiplier wheel is upgraded by 2x on all multiplier values offering a max win of 50x which is on top of any symbols increased value delivering the possibility of massive rocker wins on any single spin. Not only that but the chances of hitting MagSpins™ are increased for exciting Free Spin concert action.

# MAG SPIN

MagSpins™ is your chance at headbanger wins, up to 25,000x your bet with a guaranteed minimum win of 12x your bet. MagSpins™ awards 3 spins on its special wheel of multipliers. For each spin, the multiplier values reload, offering values up to 10,000x your bet on a single spin. Added Spins can be won on the wheel when extra spins are loaded together with their multiplier values. Spin the Mag Pointer Selector and win 1, 2 or 3 Mag Pointers, the more pointers you get the more you increase your chance of hitting that 25,000x win. Mag Pointer selection is locked for all 3 spins.
